

# **The Pensions Scholarship Trust Application Form**

## **Eligibility**

### **Assistance with course fees**

Applicants seeking assistance with fees for undergraduate or post graduate courses specialising in pensions-related topics at universities and other recognised educational institutions based in Europe, please complete the application form below as indicated. Please give an outline of the course of studies you are pursuing, or intending to pursue, with full details of the pensions content of the course, why you are undertaking the course and why assistance with the fee payment is required and the amount sought.

Note you must be enrolled with, or have a place guaranteed at the European educational establishment, for the course commencing in **2023**.

Further information may subsequently be required including supporting letters from relevant academic staff.

### **Assistance with course fees and research projects**

For undergraduates and graduates, in full or part-time education, who seek funding for academic fees and/or support for a related research project that is relevant to the European pensions market.

Before completing the application please read the Scholarship details provided on the web page, which explains the purpose of the grants.

You must be enrolled with, or have a place guaranteed at a European university or similar establishment commencing in **2023**. Both individual and joint applications will be considered, but the maximum award for any one research project is €5,000.

Further information may subsequently be required including supporting letters from relevant academic staff.

### **Assistance with research projects**

For those undertaking non-commercial research (such as post-doctoral studies) relevant to the European pensions market at a Europe-based university or similar establishment or at a recognised research organisation in Europe.

## **Your details**

**Name:**

**Address:**

**Email:**

**Name and address of your institution:**

**Your course of study (whether research is involved or not):**
